## **Banned Substances Policy**

In an effort to ensure that our students uphold the laws put in place by our governing authorities as well as to assist them in making good choices for their health and well-being, Coaldale Christian School does not permit students the use of tobacco products (smoking or smokeless) or vaping on school property, on school buses, or during any school sanctioned event such as sporting events or field trips. Coaldale Christian School also forbids the possession, and/or use, of the following substances on school property, on school buses, or during any school sanctioned event such as sporting events or field trips:

- Illegal drugs;
- Cannabis products - smokable or edible;
- Consumable products containing alcohol.

Students who violate the above prohibition regarding tobacco products will meet with the Principal who will determine the appropriate repercussions.

Students found possessing, or using, illegal drugs, cannabis products, and/or consumable products containing alcohol must be reported to the Principal (or designate). The Principal (or designate) will enact an immediate suspension from school as well as any other consequences deemed appropriate given the circumstances of the situation. The length of the suspension will be determined in consultation with the Board, taking into consideration the substance involved as well as any relevant prior behaviour. In situations involving illegal drugs, the police must be notified.

Parents are to be notified of any instance in which their child is in violation of any aspect of this policy.
